AND SUBSIDIARIES
CONSOLIDATED FINANCIAL STATEMENTS AND
INDEPENDENT AUDITORS' REVIEW REPORT
JUNE 30, 2021 AND 2020**

For the convenience of readers and for information purpose only, the auditors' report and the accompanying financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. In the event of any discrepancy between the English version and the original Chinese version or any differences in the interpretation of the two versions, the Chinese-language auditors' report and financial statements shall prevail.

INDEPENDENT AUDITORS' REVIEW REPORT TRANSLATED FROM CHINESE

To the Board of Directors and Shareholders of Marketch International Corp.

Introduction

We have reviewed the accompanying consolidated balance sheets of Marketch International Corp. and subsidiaries (the "Group") as at June 30, 2021 and 2020, and the related consolidated statements of comprehensive income for the three months and six months then ended, and of changes in equity and of cash flows for the six months then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies. Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" and International Accounting Standard 34, "Interim Financial Reporting" as endorsed by the Financial Supervisory Commission. Our responsibility is to express a conclusion on these consolidated financial statements based on our reviews.

Scope of Review

Except as explained in the following paragraph, we conducted our reviews in accordance with the Statement of Auditing Standards No. 65, "Review of Financial Information Performed by the Independent Auditor of the Entity" in the Republic of China. A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

As explained in Notes 4(3) and 6(6), we did not review the financial statements of certain insignificant consolidated subsidiaries and investments accounted for using equity method, which statements reflect total assets (including investments accounted for using equity method) of NT\$1,293,614 thousand and NT\$1,109,901 thousand, constituting 6% and 5% of the consolidated total assets, and total liabilities of NT\$232,875 thousand and NT\$258,663 thousand, constituting 1% and 2% of the consolidated total liabilities as at June 30, 2021 and 2020, respectively, and total comprehensive loss of (NT\$87,891) thousand, (NT\$48,613) thousand, (NT\$162,140) thousand and (NT\$56,477) thousand, constituting (26%), (23%), (32%) and (13%) of the consolidated total comprehensive income for the three months

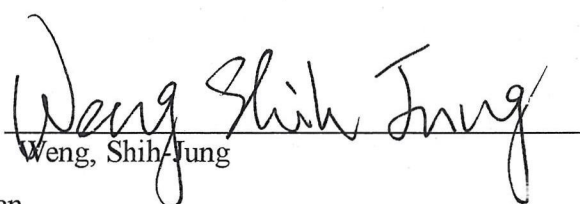

資誠

and six months then ended, respectively. These amounts were based solely on the unreviewed financial statements of these companies as of June 30, 2021 and 2020.

Qualified Conclusion

Except for the adjustments to the consolidated financial statements, if any, as might have been determined to be necessary had the financial statements of certain insignificant consolidated subsidiaries and investments accounted for using equity method been reviewed by independent auditors, that we might have become aware of had it not been for the situation described above, based on our reviews, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Group as at June 30, 2021 and 2020, and of its consolidated financial performance for the three months and six months then ended and its consolidated cash flows for the six months then ended in accordance with the “Regulations Governing the Preparation of Financial Reports by Securities Issuers” and International Accounting Standard 34, “Interim Financial Reporting” as endorsed by the Financial Supervisory Commission.

The above standards and interpretations have no significant impact to the Group's financial condition and financial performance based on the Group's assessment.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted are consistent with Note 4 in the consolidated financial statements for the year ended December 31, 2020, except for the compliance statement, basis of preparation, basis of consolidation and additional policies as set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

(1) Statement of compliance

- A. The consolidated financial statements of the Group have been prepared in accordance with the “Regulations Governing the Preparation of Financial Reports by Securities Issuers” and IAS 34, ‘Interim Financial Reporting’ as endorsed by the FSC.
- B. These consolidated financial statements should be read along with the consolidated financial statements as of and for the year ended December 31, 2020.

(2) Basis of preparation

- A. Except for the following items, the consolidated financial statements have been prepared under the historical cost convention:
- (a) Financial assets and financial liabilities (including derivative instruments) at fair value through profit or loss.
 - (b) Liabilities on cash-settled share-based payment arrangements measured at fair value.
 - (c) Defined benefit liabilities recognized based on the net amount of pension fund assets less present value of defined benefit obligation.
- B. The preparation of financial statements in conformity with IFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group’s accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note 5.

(3) Basis of consolidation

- A. Basis for preparation of consolidated financial statements:

The basis for preparation of these consolidated financial statements is the same as that for the preparation of the consolidated financial statements as of and for the year ended December 31, 2020.

- B. Subsidiaries included in the consolidated financial statements:

Note 1 : The financial statements of the entity as of and for the six months ended June 30, 2021 and 2020 were not reviewed by independent auditors as the entity did not meet the definition of a significant subsidiary.

Note 2 : The Company holds less than 50% share ownership in ADAT Technology CO., LTD. However, as the definition of control is met, the subsidiary is included in the consolidated entities.

Note 3 : Taiwan Radisen HealthCare Co., Ltd. was included in the consolidated entities in July 2020. Please refer to Note 6(6) for the details.

C. Subsidiaries not included in the consolidated financial statements: None.

D. Adjustments for subsidiaries with different balance sheet dates: None.

E. Significant restrictions: None.

F. Subsidiaries that have non-controlling interests that are material to the Group: As of June 30, 2021, December 31, 2020 and June 30, 2020, the non-controlling interests amounted to \$77,209, \$93,979 and \$62,476, respectively. Subsidiaries that have non-controlling interests are not material to the Group.

(4) Income tax

If a change in tax rate is enacted or substantively enacted in an interim period, the Group recognises the effect of the change immediately in the interim period in which the change occurs. The effect of the change on items recognised outside profit or loss is recognised in other comprehensive income or equity while the effect of the change on items recognised in profit or loss is recognised in profit or loss.

5. CRITICAL ACCOUNTING JUDGEMENTS, ESTIMATES AND KEY SOURCES OF ASSUMPTION UNCERTAINTY

There was no significant change in the reporting period. Please refer to Note 5 in the consolidated financial statements as of and for the year ended December 31, 2020.

Note: Transfers during the year pertain to certain previously unfinished constructions which had completed acceptance checked and transferred to land and machinery and equipment, as well as certain prepayments for business facilities.

A. The above property, plant and equipment are all owner-occupied.

B. The Group has no interest capitalised to property, plant and equipment.

C. Information about the property, plant and equipment that were pledged to others as collateral is provided in Note 8.

(8) Leasing arrangements — lessee

- A. The Group leases various assets including land, buildings, machinery and equipment, office equipment, and other equipment. Rental contracts are typically made for periods of 1 to 75 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose covenants, but leased assets may not be used as security for borrowing purposes.
- B. Short-term leases with a lease term of 12 months or less comprise buildings, machinery and equipment, office equipment, and other equipment. Consequently, those leases are not included in the right-of-use assets.
- C. The carrying amount of right-of-use assets and the depreciation charge are as follows:

F. For the six months ended June 30, 2021 and 2020, the Group's total cash outflow for leases were \$101,966 and \$90,908, respectively.

G. Extension options

- (a) Extension options are included in approximately 40 % of the Group's lease contracts pertaining to land. These options are expected to be exercised for maximizing optional flexibility in terms of managing contracts.
- (b) In determining the lease term, the Group takes into consideration all facts and circumstances that create an economic incentive to exercise an extension option. The assessment of lease period is reviewed if a significant event occurs which affects the assessment.

A. The Company issued the 4th domestic unsecured convertible bonds, as approved by the regulatory authority on November 27, 2020. The terms and conditions are as follows:

- (a) Total issuance amount: NT\$1,500,000
- (b) Issuance period: 3 years, and a circulation period from December 15, 2020 to December 15, 2023.
- (c) Coupon rate: 0%
- (d) Conversion period: The bondholders have the right to ask for conversion of the bonds into common shares of the Company during the period from the date after three months of the bonds before the maturity date, except the stop transfer period as specified in the terms of the bonds or the laws/regulations. The rights and obligations of the new shares converted from the bonds are the same as the issued and outstanding common shares.
- (e) The conversion price of the bonds is set up based on the pricing model in the terms of the bonds, and is subject to adjustments if the condition of the anti-dilution provisions occurs subsequently. The conversion price will be reset based on the pricing model in the terms of the bonds on each effective date regulated by the terms. If the reset conversion price is higher than the conversion price before the reset, the conversion price will not be adjusted.

(f) Redemption method:

- i. Redemption on the maturity date: Redeemed in cash at face value at the maturity date.
- ii. Redemption before the maturity date: The Company may repurchase all the bonds outstanding in cash at the bonds' face value at any time after the following events occur: (i) the closing price of the Company's common shares is above the then conversion price by 30% for 30 consecutive trading days during the period from the date after one month of the bonds issue to 40 days before the maturity date, or (ii) the outstanding balance of the bonds is less than 10% of total initial issue amount during the period from the date after one month of the bonds issue to 40 days before the maturity date.
- iii. Under the terms of the bonds, all bonds redeemed, matured and converted are retired and not to be re-issued; all rights and obligations attached to the bonds are also extinguished.

(g) As of June 30, 2021, no convertible bonds were converted.

B. Regarding the issuance of convertible bonds, the equity conversion options amounting to \$43,206 were separated from the liability component and were recognized in 'capital surplus—stock warrants' in accordance with IAS 32. The call options embedded in bonds payable were separated from their host contracts and were recognized in 'financial assets or liabilities at fair value through profit or loss' in net amount in accordance with IAS 39 because the economic characteristics and risks of the embedded derivatives were not closely related to those of the host contracts. The effective interest rate of the bonds payable after such separation is 1.0255%.

(13) Pensions

- A. (a) The Company has a defined benefit pension plan in accordance with the Labor Standards Law, covering all regular employees' service years prior to the enforcement of the Labor Pension Act on July 1, 2005 and service years thereafter of employees who chose to continue to be subject to the pension mechanism under the Law. Under the defined benefit pension plan, two units are accrued for each year of service for the first 15 years and one unit for each additional year thereafter, subject to a maximum of 45 units. Pension benefits are based on the number of units accrued and the average monthly salaries and wages of the last 6 months prior to retirement. The Company contributes monthly an amount equal to 2% of the employees' monthly salaries and wages to the retirement fund deposited with Bank of Taiwan, the trustee, under the name of the independent retirement fund committee. Also, the Company would assess the balance in the aforementioned labor pension reserve account by the end of December 31, every year. If the account balance is insufficient to pay the pension calculated by the aforementioned method to the employees expected to qualify for retirement in the following year, the Company will make contributions to cover the deficit by next March.
- (b) For the aforementioned pension plan, the Group recognized pension costs of \$345, \$564, \$690 and \$1,128 for the three months and six months ended June 30, 2021 and 2020, respectively.
- (c) Expected contributions to the defined benefit pension plan of the Company for the year ending December 31, 2022 amount to \$5,060.
- B. (a) Effective July 1, 2005, the Company and its domestic subsidiaries have established a defined contribution pension plan (the "New Plan") under the Labor Pension Act (the "Act"), covering all regular employees with R.O.C. nationality. Under the New Plan, the Company contributes monthly an amount based on 6% of the employees' monthly salaries and wages to the employees' individual pension accounts at the Bureau of Labor Insurance. The benefits accrued are paid monthly or in lump sum upon termination of employment.

- (b) The Company's Mainland China subsidiaries have a defined contribution plan. Monthly contributions to an independent fund administered by the government in accordance with the pension regulations in the People's Republic of China (PRC) are based on a certain percentage of the employees' monthly salaries and wages. Other than the monthly contributions, the Group has no further obligations.
- (c) Certain overseas subsidiaries have a defined contribution plan. Contributions to an independent fund are based on a certain percentage of the employees' monthly salaries and wages and are recognized as pension cost. Other than the monthly contributions, the Group has no further obligations.
- (d) The pension costs under the defined contribution pension plan of the Group for the three months and six months ended June 30, 2021 and 2020 were \$28,313, \$21,973, \$51,780 and \$37,666, respectively.

(16) Capital surplus

Pursuant to the R.O.C. Company Act, capital surplus arising from paid-in capital in excess of par value on issuance of common stocks and donations can be used to cover accumulated deficit or to issue new stocks or cash to shareholders in proportion to their share ownership, provided that the Company has no accumulated deficit. Further, the R.O.C. Securities and Exchange Act requires that the amount of capital surplus to be capitalised mentioned above should not exceed 10% of the paid-in capital each year. Capital surplus should not be used to cover accumulated deficit unless the legal reserve is insufficient.

Details of movements in capital surplus are as follows:

(17) Retained earnings

- A. Under the Company's Articles of Incorporation, the current year's earnings, if any, shall first be used to pay all taxes and offset prior years' operating losses and then 10% of the remaining amount shall be set aside as legal reserve. Also, special reserve shall be set aside or reversed as required by regulations or the Competent Authority. The remaining amount along with the prior years' unappropriated earnings shall be proposed by the Board of Directors and resolved by the stockholders for appropriation or reserve.
- B. The Company's dividend policy is summarized below: in consideration of the overall environment development and industrial growth, fulfilling future operation development needs as priority and optimizing financial structure, distribution of stock dividends shall not exceed 50% of the dividends distributed.
- C. Except for covering accumulated deficit or issuing new stocks or cash to shareholders in proportion to their share ownership, the legal reserve shall not be used for any other purpose. The use of legal reserve for the issuance of stocks or cash to shareholders in proportion to their share ownership is permitted, provided that the distribution of the reserve is limited to the portion in excess of 25% of the Company's paid-in capital.
- D. (a) In accordance with the regulations, the Company shall set aside special reserve from the debit balance on other equity items at the balance sheet date before distributing earnings. When debit balance on other equity items is reversed subsequently, the reversed amount could be included in the distributable earnings.
- (b) The amounts previously set aside by the Company as special reserve on initial application of IFRSs in accordance with the Financial-Supervisory-Securities-Firms No. 1010012865, dated April 6, 2012, shall be reversed proportionately when the relevant assets are used, disposed of or reclassified subsequently.

E. Details of 2020 and 2019 earnings appropriation resolved by the shareholders on July 26, 2021 and May 27, 2020 are as follows:

	Years ended December 31,

B. Financial risk management policies

There was no significant change in the reporting period. Please refer to Note 12 in the consolidated financial statements as of and for the year ended December 31, 2020.

C. Significant financial risks and degrees of financial risks

(a) Market risk

Foreign exchange risk

- i. The Group operates internationally and is exposed to exchange rate risk arising from the transactions of the Company and its subsidiaries used in various functional currency, primarily with respect to the USD, RMB, JPY and EUR. Exchange rate risk arises from future commercial transactions and recognized assets and liabilities.

- ii. Management has set up a policy to require group companies to manage their foreign exchange risk against their functional currency.
- iii. The Group's businesses involve some non-functional currency operations (the Company's and certain subsidiaries' functional currency: NTD; other certain subsidiaries' functional currency: RMB, SGD, IDR, and VND). The information on assets and liabilities denominated in foreign currencies whose values would be materially affected by the exchange rate fluctuations is as follows:

- iv. The total exchange loss, including realised and unrealised, arising from significant foreign exchange variation on the monetary items held by the Group for the three months and six months ended June 30, 2021 and 2020 were \$26,579, \$32,930, \$58,165 and \$5,954, respectively.

Price risk

- i. The Group's equity securities, which are exposed to price risk, are the held financial assets at fair value through profit or loss. To manage its price risk arising from investments in equity securities, the Group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Group.
- ii. The Group's investments in equity securities comprise listed and unlisted stocks. The prices of equity securities would change due to the change of the future value of investee companies. If the prices of these equity securities had increased/decreased by 1% with all other variables held constant, post-tax profit for the six months ended June 30, 2021 and 2020 would have increased/decreased by \$7,743 and \$4,300, respectively, as a result of gains/losses on equity securities classified as at fair value through profit or loss.

Cash flow and fair value interest rate risk

- i. The Group's main interest rate risk arises from bank borrowings with variable rates, which expose the Group to cash flow interest rate risk. For the six months ended June 30, 2021 and 2020, the Group's borrowings at variable rate were mainly denominated in NTD, USD, SGD and RMB.
- ii. The Group's borrowings are measured at amortised cost. The borrowings are periodically contractually repriced and to that extent are also exposed to the risk of future changes in market interest rates.
- iii. If the borrowing interest rate of NTD, USD, SGD and RMB had increased/decreased by 1% with all other variables held constant, profit, net of tax for the six months ended June 30, 2021 and 2020 would have decreased/increased by \$19,682 and \$30,975, respectively. The main factor is that changes in interest expense result from floating rate borrowings.

(b) Credit risk

- i. Credit risk refers to the risk of financial loss to the Group arising from default by the clients or counterparties of financial instruments on the contract obligations. The main factor is that counterparties could not repay in full the accounts receivable based on the agreed terms.
- ii. The Group manages its credit risk taking into consideration the entire group's concern. For banks and financial institutions, only independently rated parties with a minimum rating of excellence are accepted. According to the Group's credit policy, the Group is responsible for managing and analysing the credit risk for each of their new clients before standard payment and delivery terms and conditions are offered. Internal risk control assesses the credit quality of the customers, taking into account their financial position, past experience and other factors. Individual risk limits are set based on internal or external ratings in

- accordance with limits set by the Board of Directors. The utilisation of credit limits is regularly monitored.
- iii. The Group adopts the following assumption under IFRS 9 to assess whether there has been a significant increase in credit risk on that instrument since initial recognition:
If the contract payments are past due over 30 days based on the terms, there is a significant increase in credit risk on that instrument since initial recognition.
 - iv. The Group considers the historical experience and industrial characteristics, whereby a default occurs when the sale and construction contract payments are past due over 1 to 2 years in line with credit risk management procedure.
 - v. The following indicators are used to determine whether the credit impairment of debt instruments has occurred:
 - (i) It becomes probable that the issuer will enter bankruptcy or other financial reorganization due to their financial difficulties;
 - (ii) The disappearance of an active market for that financial asset because of financial difficulties;
 - (iii) Default or delinquency in interest or principal repayments;
 - (iv) Adverse changes in national or regional economic conditions that are expected to cause a default.
 - vi. The Group classifies customers' accounts receivable in accordance with customer types.
The Group applies the simplified approach using a provision matrix based on the loss rate methodology to estimate expected credit loss.
 - vii. The Group wrote-off the financial assets, which cannot be reasonably expected to be recovered, after initiating recourse procedures. However, the Group will continue executing the recourse procedures to secure their rights. On June 30, 2021, December 31, 2020 and June 30, 2020, the Group has no written-off financial assets that are still under recourse procedures.
 - viii. The Group used the forecast ability of global boom information to adjust historical and timely information to assess the default possibility of notes and accounts receivable (including related parties). On June 30, 2021, December 31, 2020 and June 30, 2020, the provision matrix and loss rate methodology are as follows:

- (iii) Based on historical experience, the Group applies individual assessment to evaluate expected credit loss of the high-credit risk customers. On June 30, 2021, December 31, 2020 and June 30, 2020, accounts receivable and loss allowance amounted to \$487,517, \$543,820 and \$550,395 and \$443,012, \$475,123 and \$449,664, respectively.
- (iv) Due to the expected insignificant impairment, the Group applies individual assessment to evaluate expected credit loss of receivables due from construction warranties and notes receivable. On June 30, 2021, December 31, 2020 and June 30, 2020, notes and accounts receivable and loss allowance amounted to \$332,882 and \$91, \$293,494 and \$91, \$280,879 and \$91, respectively.
- ix. Movements in relation to the Group applying the simplified approach to provide loss allowance for notes and accounts receivable (including related parties) are as follows:

	<u>2021</u>	<u>2020</u>
	<u>Accounts receivable</u>	<u>Accounts receivable</u>

For provisioned loss for the six months ended June 30, 2021 and 2020, the impairment loss arising from customers' contracts are \$32,283 and \$78,828, respectively.

(c) Liquidity risk

- i. The Group invests in financial assets measured at fair value through profit or loss in active markets, so it expects to sell the financial assets in markets with prices approximate to fair value. Financial assets at cost are not traded in active markets, thus, liquidity risk is expected. However, the Group's operating capital is sufficient to fulfill the Group's capital needs and it does not expect significant liquidity risk.
- ii. The Group has no undrawn borrowing facilities.
- iii. The table below analyses the Group's non-derivative financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date for non-derivative financial liabilities.

Non-derivative financial liabilities

(3) Fair value information

A. The different levels that the inputs to valuation techniques are used to measure fair value of financial and non-financial instruments have been defined as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. A market is regarded as active where a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The fair value of the Group's investment in listed stocks is included in Level 1.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability. The fair value of the Group's investment in equity investment without active market and beneficiary certificates is included in Level 3.

B. Financial instruments not measured at fair value

Except for financial assets at fair value through profit or loss, the carrying amounts of cash and cash equivalents, notes receivable, accounts receivable (including related parties), other receivables, restricted time deposits (recorded as other current and non-current assets), guarantee deposits paid (recorded as other current and non-current assets), short-term borrowings, notes payable (including related parties), accounts payable (including related parties), other payables, lease liabilities, bonds payable, long-term borrowings and guarantee deposits received (recorded as other non-current liabilities) are approximate to their fair values.

C. The related information on financial instruments measured at fair value by level on the basis of the nature, characteristics and risks of the assets are as follows:

(a) The related information on the nature of the assets is as follows:

(b) The methods and assumptions the Group used to measure fair value are as follows:

Instruments which use market quoted prices as their fair value (that is, Level 1), are using the closing prices of listed shares as market quoted prices based on characteristics of the instruments.

D. For the six months ended June 30, 2021 and 2020, there was no transfer between Level 1 and Level 2.

E. The following chart is the movement of Level 3 for the six months ended June 30, 2021 and 2020:

F. For the six months ended June 30, 2021 and 2020, there was no transfer into or out from Level 3.

G. Investment strategies segment is in charge of valuation procedures for fair value measurements being categorized within Level 3, which is to verify independent fair value of financial instruments. Such assessment is to ensure the valuation results are reasonable by applying independent information to make results close to current market conditions, confirming the resource of information is independent, reliable and in line with other resources and represented as the exercisable price, and frequently calibrating valuation model, updating inputs used to the valuation model and making any other necessary adjustments to the fair value.

H. The following is the qualitative information on significant unobservable inputs and sensitivity analysis of changes in significant unobservable inputs to valuation model used in Level 3 fair value measurement:

	Fair value at June 30, 2021	Valuation technique	Significant unobservable input	Range (weighted average)	Relationship of inputs to fair value
Non-derivative equity instrument:					
Unlisted shares	\$ 495,278	Market comparable companies	Note 1	Not applicable	Note 2
Venture capital shares and beneficiary certificates	41,657	Net asset value	Not applicable	Not applicable	Not applicable
Hybrid instrument:					
Convertible bond – call provision	1,800	Binomial tree pricing model	Volatility	42.13% ~51.72%	The higher the stock price volatility, the higher the fair value
Convertible bond	2,800	Market comparable companies	Note 1	Not applicable	Note 2
	Fair value at December 31, 2020	Valuation technique	Significant unobservable input	Range (weighted average)	Relationship of inputs to fair value

Venture capital shares and beneficiary certificates	37,492	Net asset value	Not applicable	Not applicable	Not applicable
Hybrid instrument:					
Convertible bond	24,497	Market comparable companies	Note 1	Not applicable	Note 2

Note 1: Price to earnings ratio multiple, price to book ratio multiple, enterprise value to operating income ratio multiple, enterprise value to EBITA multiple, discount for lack of marketability.

Note 2: The higher the multiple and control premium, the higher the fair value; the higher the discount for lack of marketability, the lower the fair value.

- I. The Group has carefully assessed the valuation models and assumptions used to measure fair value. However, use of different valuation models or assumptions may result in different measurement. The following is the effect on profit or loss or on other comprehensive income from financial assets and liabilities categorized within Level 3 if the inputs used to valuation models have changed:

(4) Evaluation of the impact of Covid-19

For the impact of Covid-19 pandemic and the government's multiple pandemic prevention programs, as of June 30, 2021, the pandemic and related prevention programs have no significant impact on the Group's operations based on the Group's assessment. Meanwhile, in order to prevent the spread of the pandemic to affect its operation, the Group has taken countermeasures and continues to manage related matters.

14. SEGMENT INFORMATION

(1) General information

Management has determined the reportable operating segments based on the reports reviewed by the Chief Operating Decision-Maker that are used to make strategic decisions.

The Group is divided into the following 4 segments:

A. Agency for equipment materials segment: mainly engaged in semiconductor, optoelectronics and other high-tech industrial processing and trading, distribution, after-sale service and technical support of factory equipment and its materials, chemicals and parts.

B. Process system and mechatronic system service segment: mainly contracting electrical, clean room, peripheral system facilities and process, engaged in lump sum contracts, providing integrated services consisting of planning, design, construction, supervision, installation, testing, operational consulting, maintenance and repair for gas, automatic supply system of chemicals, special gas and factory monitor system. Services for general industries such as petrochemical plant, conventional industry plant, mechatronic system for intelligent buildings.

C. Customized equipment manufacturing segment: mainly engaged in research and development of customized automation equipment and process based on request of customers in semiconductor, optoelectronics and traditional industry.

D. Other segments: mainly providing repair, cleaning and renewal services to customers' equipment and device in semiconductor, optoelectronics and traditional industry.

(2) Measurement of segment information

Management evaluates the performance of the operating segments based on their operational efficiency. The Group's Chief Operating Decision-Maker allocates resources and assesses performance of the operating segments based on the measurement and it is measured in a manner consistent with operating income in the consolidated statement of comprehensive income. There is

no material change in the operating segments' accounting policies and accounting estimates and assumptions.

(3) Segment profit information

The segment information provided to the Chief Operating Decision-Maker for the reportable segments for the six months ended June 30, 2021 and 2020 is as follows:
