

Stakeholder Communication Channels

Stakeholder response is the key to the Company's sustainable development and success. We emphasize stakeholder communication and use a variety of channels to deliver and disclose accurate, objective, and real-time information, and collect feedback and opinions from stakeholders to help the Company review and plan short-, medium-, and long-term strategies to create new business opportunities for sustainable operations.

The results of stakeholder identification include investors, customers, employees, suppliers, government agencies, and community/local organizations. The Company has a spokesperson, a proxy spokesperson, and provides a message and e-mail address on the Company's website to establish a communication channel with stakeholders, and the communication channels are listed below:
